Trading is highly speculative and is only suitable for Traders who understand and are willing to assume the economic, legal and other forms of unforeseen or herein not mentioned risks involved, and are financially able to assume losses up to or in excess of Margin or Deposits.

T.I.A Trading House believe that the materials and training given is based on available pieces of information and accessibility but T.I.A Trading House does not warrant neither guarantee the accuracy, veracity, astuteness, comfortability or timeliness of any material, teachings, trainings or instructions. Projections (any, type, view, opinions) are merely estimates or better put examples and may not be vivid or realizable and cannot be taken or used against T.I.A Trading House. T.I.A Trading House is neither a solicitation nor an offer to buy or sell stocks or trade, future or options. Getting trained at T.I.A Trading House is no representation that trading will or likely to achieve profits neither is this disclaimer a guarantee that there will be losses simply based on the purview that past performances recorded, achieved results of any previous trading or knowledge or method (no matter how brilliant) is not a guarantee neither is it indicative of what is to come in trading. Mechanical error, poor internet facility, emotional induced errors, news surprises and different earning releases can cause loss of money in trading.

Nothing trained upon at T.I.A Trading House constitutes personal financial advice, training manuals and examples does not take into account personal circumstances and needs or actions of any particular person, T.I.A Trading House strongly advice that personal emotions and abilities, knowledge and carefulness should be well considered. T.I.A Trading House hereby waive any liability whatsoever due to the use of manuals, training schemes, training examples, knowledge, personal understanding, content and acting on such is based solely on user's liability. The T.I.A Trading House trainee hereby releases T.I.A Trading House, its employers, management, instructor or anybody associated with it from any liability (including liability for negligence) for losses and but not limited to financial losses, fraud, bodily injuries/damages caused through the use of knowledge acquired through T.I.A Trading House.

### **GENERAL ADVICE**

Any knowledge accrued during training is a general advice and guidance only and trainee should not dabble into forex or stock trading solely on it and by subscribing to be trained by T.I.A Trading House, the trainee hereby agree that the knowledge accrued is merely a general education knowledge with respect to forex trading and shall never hold T.I.A Trading House as an entity responsible for loss or damages resulting from trading after been trained. It is highly advised that trainees after training should not start trading with amount of money they cannot afford to lose or forfeit.

### **PERFORMANCE RELATED EARNINGS**

Past trade performances and achieved earnings during training classes or examples are merely examples and does not in any way guarantee future results and performances. Verbal, written, audio or visual images and results down to method used in training is never a guarantee or assurance of future results or performance when trainees start trading on live account. Using these methods and examples or samples used during training in live trading is solely at the sole risk of such an individual and T.I.A Trading House shall not be held responsible or liable in any way (be it negligence). Using those manuals, methods or modes of trading accrued during

trading is the sole decision and responsibility of such an individual and the result/outcome is solely his/hers despite the fact that T.I.A Trading House so believe and provide these manuals, methods and modes in good faith and believing them to be concise, accurate and able to achieve desired results reasonably expected in trading. Interpretation of training methods or manuals also varies and may differ from individual to individual, interpretation is solely at the discretion of each trainee when trading in real account forex trading, the responsibility is solely his/hers.

## **INDEMNITY**

The trainee agree to indemnify T.I.A Trading House, its subsidiaries and affiliates and each of its directors, tutors, trainers, officers, agents, partners, contractors, employees harmless from any form of loss, liability, claim, demand, damages, costs and expenses including any fees paid to an attorney or any promoter or any third party or arising out of or in connection with any material, mode or method of training made available by T.I.A Trading House.
